New Manager at Hartwick Pines

Some might call it the winds of change but, no matter what, we will soon have a new Park Manager in the land of the Tall Timber. Joe Martin, Manager here since 1977, has retired after 27 years of service in the Michigan State Park system.

Our new Manager will be Robert (Bob) Bacon who is being transferred from Aloha State Park which is near Cheboygan. Bob has been with Parks Division for 17 years, starting at Waterloo Recreation area as a crew foreman. He later served as a unit supervisor at the Portage Lake Campground in the Waterloo Recreation area. He was promoted to the position of Assistant Manager at Brimley State Park and then later transferred to Assistant Manager at Hoffmaster State Park. From there, he transferred to Aloha State Park as Manager.

Bob and his family will be moving to Hartwick Pines in early June. He is guaranteed to enter center stage with a busy summer season just getting underway.

The third annual "Old-time Days" will be June 23rd and 24th. We are preparing a site upon which a building to house a sawmill and our steam engine will be constructed.

There will be a tree-planting project to contend with, along with getting acquainted with a most unique Park and a new crew.

He will be coming to us with a good background in Parks which will be needed in a Park with such a wide variety of activities going on year-round.

Census Shows Average Family Income Low in Crawford County

by Jon Thompson

The average family income in Crawford County is about \$7,700 less than the average family income throughout Michigan, according to the 1980 national census.

Crawford County's average family income of \$14,449 is also about \$4,200 below the average of 20 counties in the 10th Congressional district, which ranges from Antrim County in the north to Shiawassee in the south and includes Crawford County.

Neighboring Roscommon County's average family income is about \$2,000 less than Crawford's, and Kalkaska's average is about \$1,200 more than Crawford's.

In Crawford County, 31 families were listed as having incomes of \$50,000 or more. Thirty six families had incomes from \$40,000 to \$50,000, 369 families had incomes from \$25,000 to \$40,000, and 592 had incomes from \$15,000 to \$25,000. Four hundred and forty families had incomes of \$10,000 to \$15,000, 515 had incomes of \$5,000 to \$10,000, and 158 had incomes of \$5,000 or less.

Concerning education degrees, Crawford was slightly higher than the state average with nearly 71 percent of persons voting age possessing a high school diploma. About 8.5 percent of Crawford's voting age persons possessed college degrees — below the state average of about 12.5 percent but above the percentages in Roscommon County (7.1) and Kalkaska (6.9).

The U.S. census listed Crawford's total population at 7,642 — a figure disputed by local authorities who estimate the county population at close to 10,000.

The census indicated 98.8 percent of Crawford's population is white. The 1980 census showed 36 black persons, 19 hispanic, 10 asian, and 42 persons listed under other races.

By nationalities, Germans led with 10.3 percent of the population. The English were next with 9.8 percent, French 4.6 percent, Irish 2.8 percent, Polish 2.6 percent, Dutch 1.4 percent, Scottish 1 percent, Swedish .6 percent, Italian .5 percent, Norwegian .1 percent, and Russian .1 percent.

Census responses showed 66.2 percent of voting age men in Crawford County were married, well above the state average of 60 percent. Sixty two percent of voting age women in Crawford County were married, also above the state average

of 55 percent.

Breakdown on the age of Crawford's population according to the census is as follows: 0-13 age - 21 percent, 14-17 - 9 percent, 18-24 - 11.4 percent, 25-29 - 7.3 percent, 30-44 - 17.7 percent, 45-54 - 9.5 percent, 55-64 - 11.6 percent, and age 65 and older - 12.4 percent.

The number of working women in the county is about 18 percent - below the state average of 22.9 percent. The number of working women with children in the county is 9.2 percent - near the state average of 9.8 percent.

The average home value in Crawford County in 1980 was \$34,431 - below the state average of \$45,497. The average rent paid in the county was \$218 - below the state average of \$250. Kalkaska County's average rent was also \$250. Roscommon County's average rent was \$197. About 15 percent of the people in Crawford County rent and about 85 percent own homes.

Grayling High School To Sponsor Senior Honors Night

Grayling High School will host its 1st annual Senior Honors Night on Thursday evening, May 31st at 7:30 p.m. in the high school Joseph Stripe Auditorium. The program is being sponsored in the evening, to give the parents, relatives, friends and community the opportunity to share in the honors being bestowed upon our seniors.

A large portion of the 1984 graduating class will be recognized for their academic achievements, state and local college scholarships, top athletic citizenship award, and a number of other categories. Seven seniors will be receiving a new award this year, The President's Academic Fitness Award, which is based on scholarship, test scores, and a prescribed academic program achievement.

School Millage Reduced By .14 Mills for 1984

By Jon Thompson

Crawford AuSable School District millage will be reduced slightly on tax bills this summer and winter because of the Michigan Tax Limitation Amendment commonly called the Headlee Amendment.

School millage will be cut a total of .14438 mills on 1984 summer and winter tax bills. The amount the amendment saves taxpayers is \$21,631. The school district's operational millage will drop from 24.1 to 23.95562 mills. The debt retirement millage stays the same at 2.22 mills.

The Headlee Amendment says overall property tax revenues may not increase

greater than the inflation rate. The official inflation rate for 1984 is 3.2 percent. The small millage reduction combined with S.E.V. additions and subtractions brings a base property assessment increase of 4.85 percent from 1983 to 1984 down below 3.2 percent.

Assistant Superintendent Paul Lerg said the \$21,631 loss in revenues will have to be cut from an already tight 1984-85 budget. The final S.E.V. computations were established after the 1984-85 school budget was prepared. The increase in S.E.V. values for 1984 will bring in an additional \$132,923 in tax

revenues above last year, but 1984-85 school expected expenses still outweigh expected revenues \$4,259,383 to \$4,220,610. Twenty five thousand left over from special education and \$13,773 left from the general fund last year will be used to balance the budget.

Superintendent Kent Reynolds said with the tight budget, cuts have already been made in teaching supplies and materials, workshops, and conferences. The school district will only be able to buy one of three busses they originally planned for, and several maintenance projects will be put on hold.

From Our Corner...

This is for our faithful readers and especially those who have been interested in the progress of our ever getting into our den at home...this past Sunday a giant step was taken in the cleaning out of the room and for the first time in we don't know for how long we found out there are two cushions on the davenport that is in the room...that is going to stay, so in case we get exhausted trying to type a column we will have some place to rest up a bit...when we left the house Sunday afternoon we felt that it would only be until Memorial Day evening when our den will become a den and not a catch all for those items to be put out of sight...the problem has been the old saying...out of sight, out of mind, and stuff just keeps on accumulating...it is funny how easy it is to get rid of things and replace other things when one makes their mind up to it...

For those who may be wondering why all of a sudden the task is undertaken to clear out our den...the answer is simple...Dane and Amber are to arrive in Traverse City Tuesday night and grandma and I will be going after them Wednesday...so, over the weekend, not only is our den cleared out but junk was gotten rid of that was in our little barn...that had to be done first to make room for the stuff that had to be moved out of the house...

It has been around seven years since Dane has been back to Michigan and this is the first time that Amber has been here...this will be the second time she has seen her cousins T.J. and Stefany, as they went west with us about three years ago...we haven't seen them since a year ago last March, due to our unexpected long stay a year ago June in Rochester, Minnesota when Thelma underwent surgery out at St. Mary's Hospital...Cyd is staying home to take care of their three dogs and four cats, and besides, I guess she does not care to fly that well...

The moral of the above is...don't save anything after a month that you haven't used, or you will find yourself in our position...it was either get rid of it, or move to a bigger house so you can store the junk, (or politely stuff)...

As we have been typing the above we have been thinking about tomorrow being Memorial Day and how we were gone last year and were still out of town for the celebration of the Fourth of July it is no wonder we couldn't figure out where last summer went to...we were home for Labor Day but, that day to us is always the bleak day as it signals the end of summer in the north country, with the knowledge that winter is on its way...this year we hope to be able to be around the best town in northern Michigan for all the holidays...

We mentioned a couple weeks ago that we had heard that the Orioles were back in town, so we went right home and put out the oranges for them...a week passed and no Orioles, we thought they had left us...I guess we were just to anxious, they found our back yard, and in fact there were three males and a female the other night that were fighting over the oranges...we may sound nuts but, dang it all we like to watch them go after those oranges...

This takes care of this week's efforts...if you remember Dane from when he went to school here, you're welcome to stop by the house next Sunday afternoon and say hi...so now it's goodnight to T.J., Stefany and Amber, and to all of our readers, have a nice weekend...

MARKS OF A HYPOCRITE Matthew 23:25-28

The next two woes of Jesus upon the spiritual hypocrites deal with their attempts to cover their vile character by a good public image and reputation. "Woe unto you, scribes and Pharisees, hypocrites! for ye make clean the outside of the cup and of the platter, but within they are full of extortion and excess. Thou blind Pharisee, cleanse first that which is within the cup and platter, that the outside of them may be clean also. Woe unto you, scribes and Pharisees, hypocrites! for ye are like unto whited sepulchres, which indeed appear beautiful outward, but are within full of dead men's bones, and of all uncleanness. Even so ye also outwardly appear righteous unto men, but within ye are full of hypocrisy and iniquity." Matthew 23:25-28. These spiritual leaders were full of wickedness on the inside because they were still unsaved. Matthew 23:13.

In the early verses of this chapter by Jesus on hypocrites, He gave us some insight into their outward image. They like to sit in authority and tell others what to do. Matthew 23:1-4. They dress to look like clergy. "But all their works they do for to be seen of

men: they make broad their phylacteries, and enlarge the borders of their garments." Matthew 23:5. They like to be recognized at organized meetings. "And love the uppermost rooms at feasts, and the chief seats in the synagogues." Matthew 23:6. They like special religious titles. "And greetings in the markets, and to be called of men, Rabbi, Rabbi. "But be not ye called Rabbi: for one is your Master, even Christ; and all ye are brethren. And call no man your father upon the earth: for one is your Father, which is in heaven. Neither be ye called masters: for one is your Master, even Christ." Matthew 23:7-10. The Bible gives no spiritual leader a title. The local church has 2 offices of service, pastor and deacons. These are not titles, but offices where brethren serve brethren of equal worth.

True Christian leaders are called for servants not showmen. "But he that is greatest among you shall be your servant. And whosoever shall exalt himself shall be abased; and he that shall humble himself shall be exalted." Matt 23:11,12. (adv.)

Richard K. Nelson Retires from Dept. of Corrections

Richard K. Nelson, a Lansing resident who has been in charge of the state's probation, parole and halfway house program since 1975, retires from his position on June 29.

The 56-year-old deputy director in the Department of Corrections is finishing up a career spanning nearly 31 years in the field of criminal justice and social work.

Nelson has been in charge of the Bureau of Field Services since Feb. 3, 1975. Over 1,000 employees supervise 30,000 probationers, 8,500 parolees and nearly 1,600 halfway house inmates throughout Michigan.

He started with the state as a social worker in 1953. In 1954 he was hired as a prison social worker at the State Prison of Southern Michigan at Jackson. In 1956 he joined the department's Field Services bureau as a probation officer in Bay City, transferring to Tawas City in 1958. In 1964 he was promoted to senior probation agent in Grand Rapids.

In 1969 Nelson joined the Office of Criminal Justice Programs, the state planning agency which administered federal grants from the former Law Enforcement Assistance Administration. He stayed with this agency until returning to the Dept. of Corrections as

deputy director in 1975. While with the criminal justice planning agency, Nelson held a variety of jobs, including that of deputy administrator and finally, acting administrator of the agency.

A graduate of Michigan State University, Nelson holds a master's degree in social work and was graduated in 1953 from Central Michigan University where he earned a bachelor's degree in psychology and sociology.

During Nelson's administration, the bureau's staff grew from 386 persons to a high of over 1,200. The state's halfway house program for felons nearing parole grew from a population of 327 to over 2,200 in 1981. A variety of probation enrichment projects were started during his tenure; community involvement was greatly expanded, and the probation halfway house program was started.

His future plans include affiliation with McConnell & Associates Real Estate in Mason and a lot of fishing near his hometown of Grayling. He is the son of Mr. and Mrs. Earl Nelson of Grayling.

No successor has been named yet for Nelson's position.

RSVP Reports

Sherry Haag, Dir.

Welcome to news of the Retired Senior Volunteer Program. May 18, 1984, marked the 11th Annual RSVP Recognition Dinner. 202 RSVP volunteers, station representatives, community members and special guests were in attendance.

Special tributes to the volunteers were presented by June Bogacki, Senator Carl Levin's representative to the area. She expressed the appreciation of the Senior for all the hours of time and dedication spent by the volunteers to help make Crawford County a better place to live. Mary Harland, County Commissioner and Commission on Aging member, expressed her appreciation for the hours served throughout the county by the senior volunteers. County Treasurer, Joe Wakeley, thanked the volunteers who have helped the county over the last several months.

Appreciation was expressed for the over 37,000 hours of service provided by the volunteers from May, 1983, through April, 1984. Barbara Selesky, RSVP Advisory Council Chairperson, introduced the volunteers who have served from one to

eleven years.

The Carnation Community Service Award was presented by Elmer Fenton, RSVP Advisory Council Vice Chairperson, to the Crawford AuSable Schools for their support and assistance to the RSVP volunteers throughout the years. Kent Reynolds, Superintendent, accepted the Paul Revere silver bowl with his appreciation and thanks from the school system for all the dedication, love and caring the senior volunteers have provided to the children of Crawford County. Without that devotion, the schools would not be able to accomplish the difficult task of preparing our children for the future, he told the assembled audience.

Hartwick Pines Natural History Association presented a generous donation to the RSVP program to help cover expenses of the program.

The Crawford AuSable Elementary School choir, under the direction of Peggy Emerick and accompanist Janet Dice, delighted the senior volunteers with selections of old and new tunes.

Our thanks to all who helped make the evening so much fun and a big success, especially everyone at the Grayling Holiday Inn.

First Forks

The Byzantine Empire fell in the 15th century, but not without leaving its effects on civilization. Its art influenced medieval and modern art. National Geographic points out. Byzantines showed the world how to set a large dome over a quadrangular space, set patterns of diplomacy, and even introduced forks.

May 23, 1984, Mrs. Bovee's class went to Mr. and Mrs. Bovee's house. We saw their greenhouse and Mr. Bovee showed us how to transplant plants. In his greenhouse he had a screen in some parts of it. The purpose is to keep plants from dying of 100 degrees heat. They showed us their plants, Sweet Williams, Aloe, Kale, Crown of Thorns, Hawaiian Hibiscus, Asparagus, Elephant Ear's Begonia, Broccoli, Petunias, Orange Tree, Snapdragon and Marigolds. They have more plants but I didn't name them all. Next we went back to school. By Jay Dunham, 5th grade.

Task Force Recommends Use of Checklanes for Drunk Drivers

Warren M. Hoyt, Executive Dir., MPA

The use of "sobriety checklanes" on a trial basis as a device for cutting down on the number of drunken drivers was unanimously recommended to Governor James Blanchard and the Legislature by the state's Drunk Driving Task Force.

State Police Director Gerald Hough, also a member of the commission, said he will discuss the proposal with the executive office before the State Police takes any action on setting checklanes, but he hoped to have checklanes in operation by late summer or early fall.

The recommendation calls for the State Police, the University of Michigan Traffic Research Institute and the Office of Highway Safety Planning to evaluate the use of checklanes, reporting to the task force monthly, with a final report to the group by March 1, 1985.

And debate around the issue centered not on the merits of the checklanes, which has been the subject of much contention, but on how the recommendation should be worded.

Under the proposal adopted, the task force, "in concert with the 1983 Presidential Commission on Drunk Driving, the National Transportation Safety Board and the National Commission Against Drunk Driving, supports using experimental, temporary sobriety checklanes on a trial basis."

The checklanes would have to be operated within the definitions and policies that the task force's Law Enforcement and Adjudication Subcommittee—which proposed the checklanes—had already adopted.

Those procedures include establishing checklanes where previous alcohol arrests have occurred, establishing visible sites, stopping all traffic to check the drivers for signs of intoxication and asking drivers suspected of intoxication to perform certain test.

Ingham County Prosecuting Attorney Peter Houk, who chaired the subcommittee, said he did not think the State Police needed any additional legal authority to impose checklanes.

However, Hough said he felt it was "good business" to talk with the executive office before establishing checklanes.

For the task force to get a final report on the use of checklanes by March, those lanes must be established by fall, Hough said.

Local law enforcement agencies were specifically not included in the recommendations, so the State Police checklanes will be the first.

Hough said he did not know where the checklanes would be established, although he said the department's computer-designed state accident profile could help establish where checklanes would be most needed.

The checklanes have been the subject of controversy for several months. Houk and others had studied the possibility of using checklanes last summer prior to the Labor Day holiday but held off for further study.

Proposed checklanes have been opposed by a variety of people, charging they would unconstitutionally infringe on privacy rights.

The representative of the attorney general said after the meeting he expected the state would be sued if checklanes are established.

Another major recommendation adopted by the task force calls for legislation allowing administrative licensing sanctions, under which the Department of State could suspend a person's drivers license for operating while under the influence taking the power away from the courts.

The courts still impose criminal sanctions such as incarceration, fines or alcohol treatment.

Under the proposal, persons found operating a car with an alcohol level of 10 percent or greater could have their license suspended a minimum of six months, with the possibility of a restricted license for the final three months.

Persons refusing to take a blood alcohol test would lose their license for a minimum of one year. Already, 18 states have some form of administrative sanctions in place.

STUDENT LEADERSHIP — Grayling High School students turned the tables on a Student Leadership Day and asked faculty member Thomas Mills, high school counselor Bill Klinger, high school principal Carl Naghtin, superintendent Kent Reynolds, State Dept. of Education officer Gary Cass, and Board of Education member Bill Morford the tough questions. Students asked the panel about differentiated diplomas, competency tests for teachers compared to seniority as a tool used in lay-offs, certificates of attendance, an open campus, and competency tests for graduation requirements.

R.L. Kessler Elected Dow Vice-Pres.

Roger L. Kessler, formerly of Grayling has been elected Dow Vice President.

Kessler has served as controller of Dow since 1981 and will continue in that capacity. "The board's election of Roger to the position of vice president recognizes his significant contribution to the company over the past several years."

Kessler joined Dow in 1959 and worked in various accounting assignments until being named chief cost accountant in the Michigan Division in 1969. He accepted a similar post in the Texas Division in 1971 and became controller of that division in 1972. Kessler returned to Midland as manager of operations analysis and consolidation in the Corporate Controllers Department in 1979.

Kessler earned a degree in accounting from Central Michigan University in 1958. He is the son of Jerome and the late Loretta Kessler.

Tom Stewart Announces Candidacy

Tom Stewart, Democrat from Petoskey, announced today his candidacy for United States Congressman from Michigan's 11th District. In a campaign swing that covered five cities in eleven hours, Stewart called for "a new political alliance of Labor, Business, and Local Government that reaches across the broad spectrum of individual interests to give new hope to all."

"The major task of your next congressman," said Stewart, "must be to put people back to work."

"Small businesses, the employment backbone of our district, are often ignored by elected representatives in favor of large out-of-state lobbies. Your next congressman must be small business' right arm in Washington, D.C. He must actively seek opportunities and programs that will bring economic growth to our district."

Tom Stewart was born in Petoskey in 1947. He attended Aquinas College on a scholastic and golf scholarship, and later became a small businessman and professional golfer. He has been active in a number of volunteer projects including working with troubled youth in Iosco County; working in hospice programs throughout the state; and working with Mother Teresa in Calcutta, India.

Share Your Summer With a Kid

Summer is here at last with all of the great activities available in the North Country. Why not consider sharing the fun of those activities with a young person.

Swimming, boating, canoeing, hiking, picnics and camping out can be more fun when you can share the experience with someone.

There are many girls & boys between the ages of 7 & 16 from one-parent homes, in our area, that could benefit from the companionship that you could provide.

The cost is small - the rewards great. The time spent is well worth the effort - only an hour or 2 a week - it can make your life more meaningful.

For more information on the Sibs for Kids Program, call 348-2841, ext. 262 or stop by the office, located on West M-72, just across the R.R. tracks.

Dear Whitey,

We would like to express a special thank you to all of the DNR Forest Fire division fire fighters and volunteers who worked on the April 28th forest fire between Thendara and Stephan Bridge Road.

We feel blessed by their efforts to protect our home and property as we dwell safely once more.

Our many friends and neighbors who prayed over the situation, or called or assisted to move the irreplaceable, all demonstrated the indomitable spirit of God's love. It poured itself out upon a community. Those who gave were in turn blessed as the giving was accepted honoring the giver.

For a few hours we were a people...

Isn't that magnificent! Continued blessings to you all.

LA The Brand of The '80s

LA offers beer drinkers a new choice - a light alcohol beer with half the alcohol content of other beers.

Why a light alcohol product?

Consumer life-style trends of the '80s demand it.

Deemed the new bar call of today, LA emphasizes leisure, recreational activities, personal and social responsibility and physical fitness.

"This light product offers an alternative to the more traditional higher calorie beer," said Michael J. Roarty, executive vice president of Anheuser-Busch. "It's priced at premium beer prices because it is, in no uncertain terms, a quality beer, a product good enough to carry the name of the brewer that stands behind it - Anheuser-Busch."

Today's American beer consumer demands new choices; he or she is ready to explore new options. LA offers a real, legitimate choice for those times when beer drinkers want the taste and refreshment that only beer can provide, but without the alcohol content of traditional beer.

Today, due in part to the isolated abuse of beer products, the beer industry is under constant inspection unrivaled since the repeal of Prohibition. Concerns are being raised on the national, state and local levels.

"LA is one major step by Anheuser-Busch to provide a product answer and significant indication that the company and its wholesalers are concerned with a variety of

alcohol-related social issues," Roarty said. "We are taking positive steps to address the problems, not just talking about them."

With the introduction of LA, Anheuser-Busch is the first major brewer to offer an alcohol-segmented product line. While the LA brewing process was adjusted for the control of alcohol only, the brewery maintained the body characteristic in its other fine beers.

LA is not simply another product in the already overcrowded traditional beer marketplace.

LA is a new brand of beer for today's life-style.

Sweet Adelines to Dissolve

After a long and harmonious history covering nearly thirty years, the Mid-Mitten Chapter of Sweet Adelines has reluctantly made a decision to dissolve the Chapter. This was necessary because we did not have enough members to recharter before May 31st according to the rules of the International organization of women devoted to four-part harmony, barbershop style.

Since Sweet Adelines is a non-profit educational organization, we have sponsored several projects. Our Chapter covered the areas of Grayling, Houghton Lake and Roscommon, and we have given annual scholarships to an outstanding female vocal student in the three area high schools for attendance at a summer music camp of their choice. This year because of our dissolution we are dividing remaining funds in our treasury by giving each area school system an additional gift of \$300.00 for their vocal music programs.

The original Chapter was organized in Roscommon, which chartered on October 6, 1954 followed by Houghton

Lake in June, 1965. These two Chapters merged on June 17, 1975 to form the Mid-Mitten Chapter which was allowed to retain the longevity of the oldest Chapter, Roscommon, of twenty-one years. For several years Roscommon had maintained a dental clinic for young children and furnished dental care for children in need.

Doodles From The Tall Timber

Wendell L. Hoover
Park Interpreter

No doubt we have all heard someone, either an adult or a child, make the statement that they would like to be a certain animal or bird because of some quality they admire. Others of us would like to have the supposed freedom of movement throughout the great outdoors that we assume wildlife has. The fences and restrictions are there, nevertheless. They are not obvious to us humans because they are made of such materials as brush, trees, stones, wallows, rocks, burrows, or scent stations marked by urine or scent from special glands which announce to trespassers that this territory is already taken. A map of any forest area, showing the various territories occupied by birds or mammals, would be covered with such a network of boundary lines that one would wonder if the creatures have any freedom of movement at all. Some, of course, do but there are many that will not allow any others of the same species to trespass in the areas they have claimed. For example, a forest clearing may be more or less peacefully occupied by a single family of badgers, one of fox, and several families of gophers. In the surrounding trees will be found different species of birds. All of these will tolerate one another, but woe unto another fox or gopher or related bird who tries to move in. We humans are the same. Let us come home to find a stranger in the yard and we expect a good explanation or we call the law. We, too, are territorial.

VIKINGS Begin Tournery Play

Grayling met Roscommon Tuesday afternoon at the Bucks' field for a pre-district baseball game after having their scheduled game Friday rained out.

The winner of Tuesday's game will play Friday at Kalkaska against the winner of Lincoln Alcona versus the winner of Onaway against Rogers City. Grayling meets Rogers City in a league doubleheader Wednesday, May 30.

Grayling dropped two close games to Petoskey 7-6 and 6-5 on May 22.

In the first game, Jeff Branch powered the Vikings with a couple of two-run home runs. Branch collected four RBIs, scored three runs, and got on base all four trips to the plate.

Dean McKinney went 2 for 4 and gave up only five hits in six innings of pitching. Grayling was ahead 4-3 going into the sixth inning when Petoskey used a three-run home run to go ahead.

In the second game, McKinney went 2 for 3 including a two-run home run. Riley McNamara also blasted a two-run home run. Jon Nicholas produced the other RBI with a sacrifice fly scoring George Duncan.

Branch pitched six innings allowing only four hits.

Local Farmers Eligible for Disaster Loans

Farmers in Crawford County who suffered 1983 crop losses because of natural disaster may now apply for Farmers Home Administration (FmHA) emergency loans, FmHA County Supervisor, Thomas E. Trimmer said today.

The county became eligible under new legislation which provides that counties bordering on those which have been named eligible for disaster assistance are also eligible for such assistance.

The legislation also extends to eight months, up from six months, the time allowed to file loan application. For Crawford County farmers, this means the deadline for application is October 2, 1984.

Thomas Trimmer said farmers who suffered a qualifying loss from drought or other weather-related disasters, and are unable to get credit elsewhere, may apply for reduced-interest loans to cover up to 80 percent of their losses up to \$500,000.

The loans carry a 5 percent interest rate for the first \$100,000, and 8 percent interest on funds over \$100,000. For those able to get credit elsewhere but who choose to apply for FmHA loans, the interest rate is 13.75 percent.

Farmers who think they are eligible may apply for assistance at the FmHA county office, 210 S. Morenci St., Mio, on Wednesday from 8:00 to 4:30.

Thomas Trimmer urged farmers to file their applications as early as possible to speed processing and check delivery.

Crawford County
Board of Commissioners

May 8, 1984 — Regular Meeting
SYNOPSIS

The May 8th meeting of the County Board convened at 9:30 a.m. with five commissioners present. Harland arrived at 9:43; Joyce was absent all day; and sixteen visitors attended at various times.

IN FORMAL ACTION, THE BOARD:

—Accepted the minutes of 4/26/84, correcting the NEMCSA Report to reflect that the NEMCSA Contract had been extended, not the HUD Contract.

—Reviewed and accepted 19 pieces of correspondence.

—Accepted the resignation of District No. 7 County Commissioner Garland Joyce, effective May 5, 1984. The vacancy must be filled by Board appointment within thirty days; or a special election must be called.

—Appointed Kitchen as alternate to the Insurance Committee, and Welsler to replace Joyce on the Finance Committee. The Chairperson further adjusted committee membership as follows: Welsler appointed to chair the Labor Committee, and Harland added as a member; Mattis to Housing Rehab. and Community Development, Kitchen to Northeast Michigan Consortium (temporarily) and Harland to the Planning Commission (temporarily).

—Approved General Fund Vouchers in the amount of \$46,627.01, Fish Hatchery bills of \$321.57 and Commissioners' salary, per diem and expenses respectively as follows: Kitchen: \$200.00, \$210.00 and \$70.40. Harland: \$150.00, \$250.00, and \$95.07. Neilson: \$150.00, \$200 and \$26.84. Mattis: \$150.00, \$180.00 and \$92.40. Welsler: \$150.00, \$120.00 and \$3.30. Joyce: \$150.00, \$150.00 and \$37.40.

—Reappointed Robert Golinick to the Housing Rehab. and Community Development Board for a term to expire April 15, 1989.

—Supported an Isabella County Resolution requesting establishment of a task force to study alternatives to the present method of school financing.

—Adopted a resolution approving the 1984 Crawford County Community Development Plan, which outlines short and long-term projects under the Small Cities Grants Program.

—Adopted resolutions directing application be made for the following three grants: \$275 thousand Public Works Grant for clay topping at the landfill, \$250 thousand Small Cities Housing Rehabilitation Grant and \$72,800.00 Small Cities Rental Rehabilitation Grant. The latter grant is in addition to the \$50 thousand recently transferred to this program.

—Authorized payment of \$15.00 registration fees for the Clerk, Treasurer and Finance Committee to attend a Budgeting and Deficit Planning Seminar sponsored by the Department of Treasury.

—Adopted a resolution endorsing the AuSable River International Canoe Marathon.

—Adopted a policy requiring that all expenditures in excess of \$100.00 be pre-approved by the County Finance Committee or County Fiscal Officer. Expenditures made in violation of this policy will not be authorized for payment.

—Authorized the Sheriff to fill an up-coming vacancy for a Road Deputy. The starting salary for the hire is not to exceed that in the expired union contract with non-supervisory personnel; and it is understood that this action does not bind the Labor Committee to a starting wage in up-coming negotiations.

—Referred an inquiry regarding the appointment of a process server to the Judicial Committee. While the Judge has authority to make such an appointment; the County presently realizes revenues by performing its own service of papers.

—Adopted a revised set of Rules and Procedures for the Board of Commissioners.

—Denied, until retirement or employment termination, a request from the Probate Registrar for \$1,367.88 in sick pay accumulated prior to her being placed on salary.

—Supported HB 6206, which limits court-awarded damages against any governmental agency to \$100 thousand for one person and \$300 thousand in the aggregate for three or more persons arising from any single occurrence.

REPORTS AND ANNOUNCEMENTS:

—Insurance reported that the County's insurance authority has increased its reserve, is investing at 11.5%; and that membership is increasing. A survey request for life insurance benefits was distributed for review.

—Status of the acquisition of the D&M Railroad Depot and adjoining property was reviewed. A lease with an option to purchase is being obtained. Cost of the lease will be \$1.00, will expire in 1990; and purchase price will be \$1.00 at that time.

—The Sheriff reported that a road deputy has resigned; and another is off with an injury. The new patrol cars are on the road; gas mileage is up; and ambulance bill collections have improved with help from the Prosecutor's Office. Damages to a marine vehicle during the recent wind storm are estimated at between \$1,400.00 and \$1,380.00.

—Commission on Aging reported that three Board committees have been created; and that a motion to impose a 90-day leave of absence on Director Gould has been referred to the Personnel Committee. Also discussed was the need for liability insurance, better communication with NEMCSA, training for Commission members and an improved method of notification of meetings. An inventory is underway at the City Housing Commission; the NEMCSA Contract has been extended to July 13; and future correspondence to the Commission on Aging will be submitted to the County. The Commission on Aging received \$88,776.00 in grants through NEMCSA, which is a pass through for state and federal funds.

—Roads & Bridges and SCD reported that Billman Road is scheduled for grading; and all trees for the planting project have been distributed - with more on order.

—The District Health Dept. is interested in obtaining a grant for Home Health Care Programs. Concern was expressed regarding the shut down of a pump and emptying of a reservoir at the Guard Camp.

—Status of the COPOCO numbering project remains unchanged.

—The Assessing Contract with the City is being reviewed; and an employee with a specific certification level is required.

—Terms of membership on the Zoning and Planning Commissions are still being reviewed.

—Due to a scheduling conflict, Neilson will replace Miller at Fish Hatchery meetings until further notice.

—The Landfill Report revealed revenues coming in well, and some problems with timeliness of billings. A Traverse City engineer is assisting with obtaining the landfill operating license; and a Small Cities Grant is being sought for the necessary clay capping. It was explained that engineering services are required at the landfill because the seal of a certified engineer must appear on all construction plans. Landfill hours are now seven days a week from 8:30 a.m. until 4:30 p.m.

—Circuit Judge Porter has found John L. Kraus without standing in his amended complaint filed against the Board of Commissioners and the EDC on the Kmart Project.

IN OTHER BUSINESS, COMMISSIONERS:

—Were informed that Dr. Rosi is considering offering basic physicals to Sheriff Dept. personnel for \$50.00. Further tests would be an additional cost.

—Reviewed the distinctions between the Crawford County Housing Rehab. and Community Development Committee, and the City Housing Commission.

—Were introduced to Ron Schreiber, the Disabled American Veterans' Representative, who will replace David VanHill. VanHill reported that while the out-patient clinic project is not a top priority at this time; it has not been abandoned.

—Referred a request from the Magistrate for purchase of a \$579.00 typewriter to the Finance Committee.

—Briefly discussed donations which have been made to the City Housing Commission and Commission on Aging.

Senior Citizen of the Year Award

Three outstanding senior citizens have been nominated for the 1984 Outstanding Senior Citizen Award. They are:

- 1) Elmer Fenton, a lifetime resident who went to school here, taught here and was high school principal and now volunteers for all kinds of local programs. Elmer is on the RSVP Advisory Board and is the "Chief Plug" in organizing and keeping our Historical Museum operating. Elmer's time is somewhat limited now as his wife Margaret is ill and homebound. A fine man and a real "gem" to our community.
- 2) Velma Lobdell is a super lady. One who will always do for others. She and her husband Edgar deliver meals and always help on all committees and projects. They moved here to retire and live at Lake Margrethe but enjoy being involved so much that they don't know what retirement is. They have one married son and his family.
- 3) Edgar Lobdell is the most willing and helpful person that you can find. He was a sign painter and it is Edgar who makes all our banners and signs. He and his wife Velma deliver meals and volunteer on all kinds of projects.

All three nominees are RSVP volunteers as well as a "willing helper" whenever needed.

Anyone of the three would make an excellent choice so cast your ballot for your favorite & send to: Crawford Co. Commission on Aging, P.O. Box 561, Grayling, MI 49738.

Sohn Seeks Re-Election

A. Lynn Sohn, of Houghton Lake, is seeking re-election to the C.O.O.R. Intermediate School District Board of Education.

Sohn has served as president of the board for two years, treasurer four years, and also has served as vice-president and secretary.

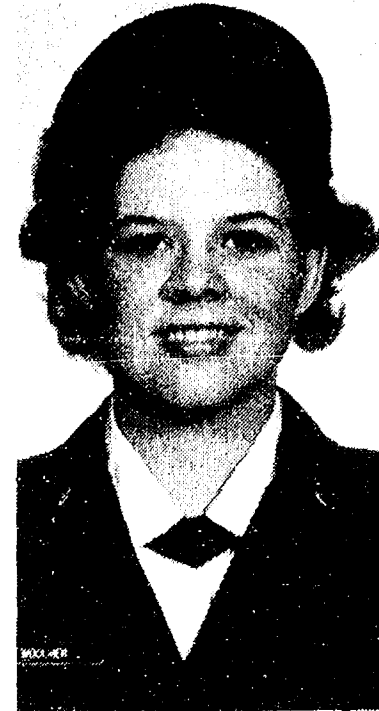

While serving as board president, Sohn changed the format of meetings so Board members could study information about issues before each meeting. Under her leadership, the COOR board also for the first time wrote administrative contracts, and conducted oral and written reviews of administrators. She helped establish an annual agenda so important issues were planned and initiated meetings with six local school boards to solve educational and financial problems. Employee wages and job performances were also reviewed annually for the first time.

COOR has also started a new gifted and talented program for area students and Sohn says she wants to continue serving on the board as well as continue working with that program.

Sohn also serves on the Red Cross board, library board, Human Services Advisory Council board, and works in high school Catechism programs and a school volunteer aide reading program.

She is married to Roscommon County Commissioner Robert Sohn, has three children, and has lived in Houghton Lake more than 25 years.

Proposed Improvements To Cedar St.
and Part of Richard Road in

The Grayling Township Board has recently determined to make certain improvements (blacktopping) to Cedar St. and part of Richard Road in Karen Woods Subdivision.

On June 12, 1984, at 7:00 p.m. in the Township Office, M-72 Plaza, a public hearing will be held to approve a special assessment district to defray 25% of the cost of this improvement. The district is roughly described as follows: All those parcels abutting Cedar St. (Lots 1 and 3 thru 10, Block 6 and Lots 15 thru 24, Block 5) and also those parcels abutting a part of Richard Road (Lots 7, 8 and 9, Block 3 and that property coded 20-042-013-009-020-00).

Plans for this improvement project are presently on file with the Grayling Township Clerk and can be viewed in her office during regular business hours.

Correspondence concerning the project can be directed to: Grayling Township, P.O. Box 521, Grayling, MI 49738. Tel. (517) 348-4361.

Girl Scouts Bridge 5 Troops

The Middle School Gym was the place where Brownies, Juniors, Cadettes along with their families and friends joined for the Fly Up and Bridging of Girl Scouts to the advance groups of Girl Scouting.

The program was started with the flag ceremony by Junior Troop #2127. Laura Wisniewski directed the Color Guard to present the colors and led the Pledge of Allegiance followed by the Girl Scout Promise.

Awards were given to each Scout by the leaders. The Brownies received their year pins, Brownie wedges, cookie patches, and Brownie B patches. The third grade Brownies also received their Bridge to Juniors arch and the fly up wings. Juniors

received their year pins, cookie patches and Interest Project patches.

As the troops received their awards the Girl Scouts formed two lines on either side of three wooden bridges on the gym floor. The adult Girl Scouts from the audience were called down to the floor also. The names of the three Brownie Troops bridging were read and the girls walked through the lines of first and second grade Brownies across a wooden bridge to stand next to a junior Scout on the other side.

Brownies bridging from Troop #2016 with Lillian Wolf, Leader and Pat Petrie co-leader were Melissa Newman, Angie Papendick, Colleen Wolf, Kristen Hunter, Christa Northrop, Kelly Walters, Laura Hamilton, Layle Waters, Levan Gilman, Cindy Timmins, Sarah Petrie, Heather Millikin and Dawn Hentkowski.

Brownies bridging from Troop #2014 with Heidi Svensen, Leader and Kathy Cable, Co-leader were Becky Bouse, Tracy Lichyter, Kelly Louchart, Hollie McNary, Nicole Moran, Laura Renon and Sarah See.

Brownies from Troop #2103 with Joy Bobenmoyer, Leader and Bonnie Knight, Co-leader bridging were Bethany Bobenmoyer, Sara Bobenmoyer, Sarah Micek, Christine Dana, Jennifer Perritt, Melissa Miller, Charlotte Knight, Yolanda Rosi, and Laurie McClain.

Sixth grade Juniors bridging from the ranks of Junior Scouting crossed a wooden bridge over to the Cadette Scouts. The leader of Troop #2163 is Beth Carpenter and her Co-leader is Denise Rutter. The girls going into Cadettes are Dawn Bouse, Jennifer Welsh, Theresa Ferguson and Lana Hagon.

The newest troop is the Cadettes with Marge Len, Leader and Lee Dann, Co-leader. The Cadettes bridged across their wooden bridge to the adult Girl Scouts since the Senior troop is still in the planning. It is hoped Pam Johnson, Missy Johnson, Marie Stephan and Louise Ward will be the beginning of the missing link in the Girl Scout program in Crawford County when a Senior Girl Scout troop is formed.

Frederic Township, 7564 Kelly Avenue, Frederic, Michigan, Phone number 517/348-8778 shall hold a public hearing on June 12, 1984 in the Frederic Township Hall at 7:30 p.m. on the following:

The proposed levy of an additional .04410 mills to the 1984 base tax rate of 2.9590 mills for a total of 3.0 mills (1.0 mills allocated township operation and also 2.0 mills voted fire department operation) for the 1984 tax year.

The proposed additional levy of .04410 mills will increase operating revenues from ad valorem property taxes 1.47% over such revenue generated by levies permitted without holding a hearing.

The Township of Frederic has complete authority to establish the number of mills to be levied from within its authorized millage rate.

SOFTLIGHT SHADES

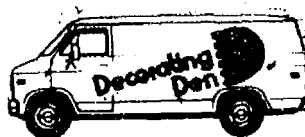

Crisp, horizontal permanent pleats create the look of 1" blinds, yet do it with a softer touch in fabrics that range from softly transparent to completely opaque, from versatile neutrals to the good earth tones.

Softlight beats the daylight out of glare, energy-loss and fading with solarized fabrics that cut heat and glare by 87%... or sheer, non-solarized shades, a stylish alternative to ordinary sheers.

Chamber Chatter

By Joyce Koika

Again this year, the Military Affairs Committee are planning receptions for the National Guard Personnel. This traditional meeting allows the citizens of the area to meet and chat with the officers and enlisted personnel and to display the welcome and friendliness that has made Grayling's hospitality famous throughout the mid-west. A complete schedule will follow with the first reception scheduled for June 4th for the Kentucky National Guard. The hours are from 5 p.m. to 7 p.m. Tentative plans call for most of the receptions to be held on the grounds of the new Chamber of Commerce Building at the City Park.

Speaking of the new chamber building, Dale Lesh, Supervisor of the Building Trades Class and our High School Principal Carl Naghtin have advised us that there will be an open house inspection of the completion of the building on Friday, June 1, from 4 p.m. to 8 p.m. and on Saturday, June 2 from 9 a.m. to 4 p.m. This is a good opportunity to see what a grand job these young men have done. The community should be proud of their accomplishment. We from the chamber are very grateful.

The date of June 14 is the day selected for the chamber's annual Banquet. This is a fundraising affair with an opportunity for the Board of Directors and staff to review accomplishments and make plans for the next fiscal year that begins June 1. Newly elected officers are as follows: Kathy Ashton, President; JoAnn Cox, 1st Vice President; John Alef II, 2nd Vice President and Dr. Paul Mesack is our Secretary-Treasurer. Joe Wakeley continues on the board as Immediate Past President. The banquet will be held at the Holiday Inn and is considered the social event of the season. Tickets are available from our Board Members and the chamber office.

A big welcome to new members, South Branch Ranch operated by John and Mona Tuomi. Their Grand Opening will be held June 10th at 1:00 p.m. To find South Branch Ranch take Chase Bridge Road to South Branch Road to Ranch Road.

A ribbon cutting ceremony was held for Hillside Farms, owned and operated by Bill & Carolyn Boone and family. They have constructed new greenhouses and gift shops. This unique operation attracts young and old to view farm animals, antiques as well as farm fun in an unusual setting. To find Hillside Farms follow M-72 East until you come to the first road East of Stephan Bridge Road. Watch for the signs.

Proposed Improvements To Jones Lake Road

The Grayling Township Board has recently determined to make certain improvements (blacktopping) to Jones Lake Road.

On June 12, 1984, at 7:30 p.m. in the Grayling Township office, M-72 West Plaza, a public hearing will be held to approve a special assessment district to defray 25% of the cost of this improvement. The district is roughly described as follows: All those parcels abutting Jones Lake Road and also including those properties using Jones Lake Road as access.

Plans for this improvement project are presently on file with the Grayling Township Clerk and can be viewed in her office during regular business hours.

Correspondence concerning the project can be directed to: Grayling Township, P.O. Box 521, Grayling, MI 49738. Tel. (517) 348-4361.

They have worked hard for this moment, these graduates, and we're proud of them. They are starting life equipped with a vast store of knowledge that will help them in their chosen profession.

But the greatest school in the world cannot teach wisdom. Often, wisdom comes only through painful experience as the years pass. To some it never comes at all.

Life's ups and downs can break the spirit... unless one has an inner core of courage and an inner certainty of the presence and love of God. Church membership and Church teachings can help you gain these invaluable blessings and help you achieve a greater wisdom.

Hearing-Speech Therapist at Mercy Hospital

May is Better Hearing and Speech Month and Mercy Hospital in Grayling offers many services for people suffering from language and speech disorders. Kathy Moss, speech therapist at Mercy, said the most common type of language and speech disorders at Mercy involves stroke victims. Mercy handles 30-40 stroke victims a year.

There are primarily two types of therapy, according to Ms. Moss, specifically aimed at rehabilitation of stroke victims.

The first type, language therapy, is designed to correct a patient's inability to speak coherently due to brain processing problems.

Language therapy includes talking with the patients, naming pictures and fill-in-the-blanks designed to reinforce their ability to retain certain words. This process involves repetition and months of training before a patient can regain normal vocabulary skills.

The second type, speech therapy, involves patients unable to use the speech muscles (tongue, lips or throat). Because of a weakness in the facial and neck muscles patients tend to slur their words. Word repetition is commonly used to correct this. Also, muscle strengthening exercises such as smiling and puckering have proved useful.

Both language and speech therapy patients receive treatment 1-2 times a day for 40 minute sessions.

Another kind of language and speech disorder treated at Mercy Hospital involves patients who have had their voice box surgically removed. These patients must be trained to talk all over again. Some patients use an electronic box, called an artificial larynx, which is held to the throat. A second method involves injecting air down a patient's throat enabling them to talk as the air comes back up. Over a period of time, the patient becomes able to control the release of the air and subsequently their speech.

ed by Maj. Gen. Billy G. Wellman, The Adjutant General, who will be the senior officer here throughout the 17-day training period.

"Camp Grayling offers excellent facilities and adequate maneuver space for combined arms training in a cool weather environment," said Col. Edward L. Gill, state director of operations and training. "The Kentucky Guard will have control of the entire post during the training period and we will have outstanding support from the Michigan Guard."

Movement of equipment from Kentucky actually began two weeks ago when the 2123rd Transportation Company from Bowling Green delivered more than 90 tracked vehicles, including self-propelled howitzers and personnel carriers. Tanks are being provided by the Michigan Guard.

Grayling Army Airfield promises to be busier than usual for the next two weeks with most of Kentucky's Army Guard aviation equipment and personnel included in the contingent from the Bluegrass State.

The Kentuckians will return to home stations on June 17.
